You can find everything you need to know about them below. Before using a Cheat Code or Trainer to alter the game, make sure you don't do it in-game. You'll then need to load a game level, load the Trainer or Cheat Code before you load the game and start playing. We don't support cheats and trainer hacks of any kind. Any Trainer or Cheat Code you download will be sent to you unmodified by the developers, including this one. There are different types of Cheats: Visual Cheats Control-based Cheats FIFA Manager 13 Cheat Codes in Video Game In FIFA Manager 13, cheat codes are hidden and are available in the game using the "Cheats" section on the main menu. Most cheat codes work in both single and multiplayer games. The cheat codes are hidden and you'll need to use the "Find Cheats" feature to find them. Note that finding codes may take a little time and you can use the search criteria to narrow down your options. Use the "Search All" to search for Cheat Codes, and the "Search Single Player" to search for codes for single player games. The "Search Multiplayer" will search for cheat codes that work in multiplayer games.
